ECHOMAX

RADAR REFLECTORS

EchoMax radar reflectors are constructed of three stack array of laser cut aluminum. They have an increased cross section for a very consistent response.

SeaKey

Always Connected. Always Protected.
A Satellite Communication System For Your Boat.

ECHOPILOT

FORWARD LOOKING SONAR

Platinum series is available with dedicated color display or as a "black box" system (shown on a Raymarine E120). Any chartplotter, radar, PC, or display with a video input can become a fully functional, color Forward Looking Sonar.

HoseCoil

Washdown Systems

Self Coiling Hoses... Washdown Nozzles... Enclosures for Boating.

JetConnex

JUST PLUG AND TOW

JetConnex replaces the loose flimsy wires that hang down and drag between the vehicle and trailer. The "plug & tow" coiled cord with high quality connectors provides a strong & reliable connection.

DRINX

Insulated Cup Holder System

Keep your beverages cold in style.

Drinx thermal insulation inserts for cup holders appeal to boaters for the convenience of a built in beverage cooler and the attractive, colorful design.

Exclusive U.S. Distributor
specializing in marine electronics.
