RADAR MOUNTS

**NEW
SELF
LEVELING**

Self-Leveling Radar Mount

The Self-Leveling Radar Mount from Scanstrut ensures your radar stays level with the horizon at all times, reacts to changes in the heel angle of the boat for optimum radar antenna performance.

Pole Mount System for Radar

The Pole Mount System is constructed with a power coated aluminum extrusion that offers a significant weight savings and structural rigidity over stainless steel. Outfitted with light bars, GPS/antenna mounts, deck light or lifting crane, the pole mount system has a lot of functionality and versatility.
